1) Jim Berg in Melbourne on Tuesday

A big thank you to all the positive feedback we've received this week from those who attended Jim Berg's seminars in Sydney and Brisbane.

Of particular interest, in addition to the 'nitty gritty' details of how he trades and invests, were Jim Berg's:

- ✓ View of where the market is right now
- ✓ Explanation of how he proposes to trade the downside using inverted ETFs and
- ✓ Watch List of shares which he is looking at for the Australian market

Currently, it will be 12 months before Jim's next planned series of evening seminars, so Jim's [final evening seminar for this 2014 series will be in Melbourne](#) on Tuesday evening 18th March, from 6 30 to 9pm..

40% savings are available and a **Free** copy of Jim's 'The Stock Trading Guide- Fundamental & Technical Analysis Combined'.

New! Jim Berg's Featured 'Stock of the Week'

By Jim Berg and John Atkinson

At his [Boot Camp in May](#) this year, Jim Berg will provide even more 'hands-on' workshop style training than ever before at previous Camps.

Over the weekend, you will be able to experience first-hand Jim's unique style of 'learn-by-doing' education on his common sense approach to trading and investing.

This year, we have also decided to **increase the level of 'hands-on training' within our 'Investing & Online Trading' Newsletter too**, so that Members will have the opportunity to participate even more and gain maximum benefit from each Edition.

Each week, Newsletter Members currently receive:

- ✓ **Two lists of 'Expert Picks'** shares to enter into our Stock Selection Tool to filter which (if any) meet Jim's entry Rules, then the following week we show the results of Jim's own analysis for Members to compare with your own review.
- ✓ **Jim's latest own Watch List** of 'JB Alerts' – Jim's personal selection of Australian companies in the ASX300 which pass virtually all his Rules, so Members can watch for the final entry signal and check the final entry Rules for the same shares that Jim watches.

In addition, last week in Edition 450 we launched Jim Berg's special '**Featured Stock of the Week**' segment in this Newsletter. Here's how this new Educational exercise works:

- 1) Each week, Jim will continue to present his latest Watch List Table of 'JB Alerts', as usual.
- 2) Since Ed. 450, Jim now chooses **ONE** share from previous lists which he considers has demonstrated:
 - a. A stable looking rising uptrend
 - b. In the order of 3 or 4 entry and exit signals over his nominated time frame
- 3) That share is nominated as Jim Berg's '**Stock of the Week**' for Members to analyse over the next week- and, using Jim's Volatility Indicators, to record the various potential:
 - i. Entry and exit dates and the
 - ii. Corresponding entry and exit prices *for both daily and weekly charts* which have occurred during the time frame which Jim will nominate.
- 4) To assist you in this regard, Members can now download our new spreadsheet tool called '**Stock of the Week**' from the [Members Library](#), then open the chart and enter their data from 3) above.
- 5) In the next Edition a week later, Jim Berg shows the results of his own analysis for that same stock so Members can compare with their own analysis.

These exercises are designed to help Members speed up and simplify the development of their analysis skills and hence their confidence to trade and invest in the market using Jim's '*Weight-of-Evidence*'
