

Share Trading Education.com

Your Financial Independence is at the Heart of Everything We Teach

Today's Stock Traders' and Investors' Complimentary Wrap is based on an EXTRACT from Edition 498 of our Mentoring style 'Investing & Online Trading' Stock Market Report

Your Invitation to a Seminar* with Jim Berg on 'How to Trade & Invest with 'Weight-of-Evidence'

- ✚ **Brisbane** (1 March **MORNING**)
- ✚ **Sydney** (17 March **Evening**) and
- ✚ **Brisbane** (4 March **EVENING**)
- ✚ **Melbourne** (18 March **Evening**)

(* These are Jim's only ShareTradingEducation.com seminars planned for 2015)

Attendees at previous events have described Jim's seminars as being like a 'mini-Boot Camp'. Why? Because Jim pours out so much valuable content in one evening.

Jim's 2015 seminars will be an excellent opportunity for you to:

- ✓ Recap on the details of how Jim trades and invests
- ✓ Build on your knowledge and expertise
- ✓ Ask your questions directly to Jim
- ✓ Hear Jim's latest view on the market and shares of interest to you at that time
- ✓ Take home a list of shares for you to watch for prospective entry signals

Also, for the first time ever, this year you will be able to learn:

1. How to take advantage of opportunities in Overseas Markets AND
2. How to use Exchange Traded Funds (ETFs) in rising and falling markets

Jim Berg always prefers to limit the number of attendees at his seminars so that he can interact closely with you and others in his audience.

In Sydney and Melbourne, a **40% saving** is available for Members and their guests. You also receive your choice of a Free Bonus Trading DVD; 'Intro to the Market' or 'Money & Risk Management'.

Short -Term Trading Portfolio Update: Part 1: Australia

By Jim Berg and John Atkinson

Introduction

Each week, in this section of our mentoring-style '[Investing and Online Trading](#)' stock market Report we feature our '[Short Term Notional Trading Portfolio](#)', in which Jim Berg provides a 'live' portfolio for Australian shares and USA stocks- to demonstrate (*in real time*) how he uses his common sense approach and JB Volatility Indicators to decide:

- ✓ **WHICH** stocks/shares to buy
- ✓ **WHEN** to buy
- ✓ How to manage his open positions and
- ✓ When to **SELL**

We also publish the results for each of those notional trades each week. Full strategy details are explained in our Guide '[How to Write Your Own Trading Plan](#)', which is currently provided with our compliments to [New Members](#).

As a Newsletter Member, you will also be able to email queries to '[Solving Your Trading Problems](#)' at Info@ShareTradingEducation.com.

Jim's aim* is to show Members how to target:

- ✚ Notional profits of 10% to 15% in about 2 to 4 weeks
- ✚ Notional losses below 10% and preferably below 5%
- ✚ A notional success rate of over 50% and preferably above 65%

(* Whilst Jim aims to achieve this performance, caution should be exercised in relying on these targets. Unforeseen circumstances and international events may cause these targets to change.)

This week we look at the latest Australian short term notional trades selected by Jim:

Australian Summary Update

Notional Trade Ticker Code	'Entry' Notes in Edition	'Entry' date	'Entry' price	Friday's closing price	Gross open notional 'profit'	Stop	Comments
Stock#1	#494	06/01	\$7.70	\$8.55 Exited	+ 11.0 %		Exited
Stock#2	#496	20/01	\$16.73	\$17.70	+ 5.8 %	\$16.07	Open

Please note:

- 1) The above table shows the notional trades closed this week or currently 'open' in the notional Australian Short Term Trading Portfolio.
- 2) The gross open profits do not include brokerage or other net notional profits or losses from previous 'closed' trades. These will be reported progressively from time to time.
- 3) These notional trades are for educational purposes only and are **not** buy or sell recommendations.

Disclosure: Members of the 'Investing & Online Trading Report'© team may have open positions in some of the notional trades mentioned in the Report portfolios.

NOT A NOTIONAL TRADE: Australia

We make a point **NOT to include new notional trades into our notional portfolio that have a profit greater than 4 %** at the time of Report publication.....Why?.....Because we consider it would not be ethical to search the market and only show trading examples that had already had significant gains.

It would certainly improve our notional trading performance but we are more concerned with quality education than manufactured high returns.

Below is an example, shown for further educational purposes but **NOT** included in the notional portfolio - *as it had exceeded our 4% limit before publication.*

Stock #3

Industry Group – Software & Services

Capitalisation – Small Cap

Date 'Purchased': 31/10/2014 (Report Ed 484)

'Purchase' Price: \$1.18

Current Price (06/02/15): \$1.27 (+ 7.6 %)

Entry Analysis:

{** See Note Above}

Stock #3 Daily Chart

Action: Holding position with **Trailing Stop** at \$1.19.

Next week, we will look at the latest short term notional trades in the USA Markets.

Customer Caution Notice And COPYRIGHT Direct investing in the stock market can result in financial loss. The past performance of this product is not and should not be taken as an indication of future performance. Caution should be exercised in assessing past performance. This service, like all other financial services, is subject to market forces and unpredictable events that may adversely affect its future performance. Results reflect absolute trading stop loss discipline. Case study trades are monitored and managed in real time, and management reports are delivered every week in the Report. Except where noted, all case study trades are notional examples using reasonably attainable entry and exit points. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the trades have not actually been executed, the results may have over or under compensated for impact, if any, of certain market factors, such as lack of liquidity. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown. Full trade summaries, with charts, are provided each year. In preparing this newsletter ShareTradingEducation.com ("STE"), as Corporate Authorized Representative (CAR No. 322726) of Avestra Capital Pty Ltd (Avestra) AFSL 292464, has not taken into account the investment objectives, financial situation and particular needs of any particular investor. Before making an investment decision on the basis of this Report and the accompanying material, the investor needs to consider, with or without the assistance of an adviser, whether the advice is appropriate for them in view of their individual financial circumstances. Any projections made in this letter are estimates only and no guarantee is provided that those projections will be realised. Further, STE and/or Avestra do not warrant the accuracy of the information in this Report. STE and/or Avestra and its officers, employees, agents, associates and alliance partners ("Associates") may have or may obtain an interest in the securities referred to in this letter and will receive commissions, brokerage and other fees from dealing in the securities or advising in respect of the proposed listing of the securities. Avestra and/or STE believe that the information contained in this letter was accurate at the time it was compiled. Avestra and/or STE do not warrant that the information contained in this letter is accurate, complete, reliable or up to date and to the fullest extent permitted by law disclaims all liability of Avestra, STE and its Associates for any loss or damage suffered by any person by reason of the use by that person of, or their reliance on any information contained herein, whether arising from the negligence of Avestra, STE or its Associates or otherwise. These analysis notes are based on the authors' experience of applying technical and fundamental analysis to the market and are designed to be used as a tutorial showing how fundamental and technical analysis can be applied to a chart example based on recent trading data. Stock tips or 'buy' or 'sell' recommendations are not provided. This Report is a tool to assist you in your personal judgment. It is not designed to replace your Licensed Financial Consultant or your Stockbroker. It has been prepared without regard to any particular person's investment objectives, financial situation and particular needs because readers come from diverse backgrounds, with diverse objectives and financial situations. **Liability:** This information is of a general nature only so you should seek advice from your broker or other investment advisors as appropriate before taking any action. The decision to trade and the method of trading is for the reader alone to decide. The authors and publisher expressly disclaim all and any liability to any person, whether the purchase of this publication or not, in respect of anything and of the consequences of any thing done or omitted to be done by any such person in reliance, whether whole or partial, upon the whole or any part of the contents of this publication. Whilst all care has been taken, Avestra and/or STE and their officers, employees and agents or the authors or contributors of this Report accept no liability for any reliance upon any material and information provided by them and no responsibility is accepted for any losses, charges, damages or expenses which may be sustained or incurred by any participant or otherwise by reason of any reliance upon the materials or information given. **Copyright:** The information contained in the Report is copyright and for the sole use of trial and prepaid readers.
